  Lyceum Graduation
  1st General Lyceum of Panorama

- June 2025
  Teaching certification in I.T.
  University of Thessaly

- September 2021- March 2026
  Digital Systems
  University of Thessaly

About Me

I am a final-year student in the Department of Digital Systems at the University of Thessaly, with a passion for emerging technologies and a strong attention to detail. I have hands-on experience in robotics, artificial intelligence, and software development, and I enjoy working in interdisciplinary environments where innovation and problem-solving are top priorities. In addition, I have obtained teaching competence in Information Technology (I.T.), which equips me with the ability to effectively communicate knowledge and support learning processes in educational settings.

Achievements

- 3rd Place
  Robo Rave International
  | August 2025

- 1st Place
  Innovation & Entrepreneurship Hackathon
  | June 2025
